Company Name:
Obelisk

Company Description:
We make college courses for learning math. We stand out because of our price. Our target audience is couples. We want to convey a sense of eagerness, while at the same time being down-to-earth.

Job Description
You must create a website that will mainly provide customer support for the company. The goal is to provide a great user experience. Besides the landing page, the website will need a contact page, product pages and a blog. The landing page should have a Our Values section. There should be a call to action to get users to call for more information. They would prefer a old-fashioned design, and would like you to use the brand color, which is blue. Take into account the client's preferences and values.
